EMPLOYMENT HISTORY

People Success Specialist, BIOMES NGS GmbH

Jul 2021 — Dec 2022

- Led "Coffee Break" and step challenge initiatives, enhancing team cohesion and wellness
- Organized 4 major team-building events, showcasing project management skills
- Managed onboarding for 9 hires and offboarding for 4, improving team dynamics
- Ensured a productive work environment through effective office organization
- Advocated for employee safety through first-aid and fire safety training programs

Junior full-stack web developer, Organ solutions GmbH

Mar 2020 — Present

- Freelance position as a junior full-stack web developer
- i18n translations and locales for internationalization
- Built and maintained main layouts and pages using Tailwind for the admin backend
- Started to get familiar with Hotwire and Turbo

Junior full-stack web developer, Redline Software Inc.

Oct 2020 — Feb 2021

- Implemented internationalization with i18n, enhancing accessibility.
- Improved UI using Tailwind CSS; began integrating Hotwire and Turbo.
- Expanded Ruby on Rails skills; focused on clean, scalable code for team collaboration.

Junior frontend web developer, Martialarts.io

Dec 2019 — Jun 2020

- Junior front-end developer, with some backend tasks
- Built and maintained main layouts and pages of the marketing part of the site
- Primary focus on CSS3/Sass, the Foundation framework (upgraded from HamI)
- Did some work through the Rails console (so getting into backend as well)
- Also did project planning: planned new features, suggested changes to existing features, tracked progress
